Medemblik Regatta 2019

From the 23th till the 25th of May the Medemblik regatta was held as a last preparation for the Worlds and 9 Dutch and Dutch sailors took on the shifty conditions that a north westerly wind gives. These 9 are now the warriors of battling gusts created by modern day windmills! Rick Peacock took the silverware home after a good last day taking the lead away from Paul Dijkstra.

The view from the Ferris wheel during the regatta, this is the ramp you'll be launching from during the worlds

Meet the Team; Sijbrand Jongejans

Coming to Medemblik but don't know the sailors of the Dutch fleet, meet them via the newsletter.

Conscripted to be our call chairman in the (inter)national calls he has an overview on everything what is going in every step of the Worlds. The race committee, the jury, our media team and our sponsors they all know who Sijbrand is. As his wife is also in the fleet, I feel there is always a bit of competition between these two. But as Elaine sometimes flies in

the light stuff, he decided that his brother need to sail Musto too. This way he secured a fair shot at preventing becoming the last member of the family in the results 😊.
