

Dear Musto Skiff friends,

Almost time to leave your house for the Worlds. This the 6th and last newsletter before the **ACO 10th MUSTO Skiff World Championship 2019**. At the moment we have 113 entries on the list, from 11 different countries from all over the world. The summer has kicked in and the weather is very good for a holiday in the Netherlands. So don't forget your short pants, sunglasses and sunscreen!

In this newsletter we'll inform you about the schedule, the places to be, what to do when you arrive with camper or tent and how to follow us, plus some housekeeping - trolley management

If you have not paid your fee yet, we ask you to pay your entry fees as soon as possible. We are counting on 113 people for the races and the catering but we have just 86 entry fees paid so far. So please don't wait any longer then we know for sure we can count on you.

Remember to join the Musto Class association also – requirement to compete

Arrival with camper or tent:

When you arrive with a camper or tent, find your spot at point 2 or 3. Drop your camper (or tent), make yourself comfortable. When you finished that, go to see the harbour master (havenmeester) in his(or her) office at point 1. You pay for your spot, get a tent sticker and receive a code for the toilets.

Trolley sharing

To help quick boat retrieval and use the slip the most efficiently we will be trolley sharing at the event. Please mark your trolley with your boat number to ensure you get it back on Saturday and

also ensure your trolley has a rope or elastic on the front for the boat nose and a rope to hold the boat down to the trolley in the middle. If you are lucky enough to be on shore early please help those returning later to also get ashore.

How to follow the worlds?

There will be daily written and video report online on our website and the international class website. On facebook you can follow [the event page](#) and the [mustoskiff facebookpage](#). On twitter you can follow [@mustoskiff](#) . And if that is not enough for you? We've also [instagram](#). The results can be found on the website or in the sailing.today app.

Meet the Team; Marieke Dijkstra

Coming to Medemblik but don't know the sailors of the Dutch fleet, meet them via the newsletter.

For a lot of people, I don't need any introduction at all. But for the new people in the Fleet, I'm not sailing a Musto, my husband Paul does. I started as a volunteer in Weymouth 2012 on the rescue and since then I did some social media, the daily report at the worlds 2015 Australia and some more rescue and committee things. The last 3 years I was a bit busy with our 2 kids Kaj and Sef, But very happy to help with this worlds, for now I prepared the newsletters together with Elaine and helped where it was needed, particularly with media and communications. My brother designed the event logo. During the Worlds I will go out with ACO on a Clipper, to explain to them what musto sailing is and what is happening on the water.

Name:	Marieke Dijkstra
Sail no.:	Paul Dijkstra NED 478
Club:	KWS
Previous/ other Classes:	Schakel, RS 500, 29-er, 29 XX, Pampus, 16m ²
Seasons in a Musto:	fan since 2011
Greatest Musto Moment:	Daily reports of Perth 2015
Other hobbies next to Sailing:	Running, gymnastics and playing with my kids
At the worlds I will be happy when:	When Paul is sailing very good and not breaking his boat. And I'll be out on the ACO boat on 2 days and see that our sponsor enjoys our sailing event.

We wish everybody a safe trip to the Netherlands and see you all in Medemblik!

If you have any questions, problems or something you'd like to know. Don't hesitate to drop us an email, info@mustoskiff.nl.
